

E CREATIVE PHOTOGRAPHY

YOUR SHOOT

So you're thinking of booking a shoot with E Creative!

We're so excited to work with you.

You may have questions such as, what will my photos look like? What should I wear? What's a good location, what time of day should I book?

This advice booklet should give you some answers & inspo for your shoot!

FAQs

COLOURS

Colours that work best on a shoot aren't what you'd expect!

It all ties into the location of your shoot. Is it a beach? Is it a park? Will there be lots of greenery around? Is it in a neutral space like your home?

A light beach shoot works wonderfully well with colours- think sandy neutrals & creams, with added colours such as light blues & denim, soft pinks or mustard yellows.

On a cloudy, darker day, opting for a moodier style can work amazing- dark browns, blacks, navies- have some fun with complimenting colours!

If your shoot is taking place within a park location or somewhere with heaps of greenery, try to avoid patterns, as the backgrounds tend to be busy. Think about the location- what main colour will the background be? What will work with that?

STYLES

It's not one style fits all- while there is an artistic language that flows from shoot to shoot, different lighting, locations & colours you wear determine what style your photos will emanate.

With E Creative, I hope that you trust in my vision to create photos that suit not just your surroundings, but suit who you are as a person.

Consider the following: am I after light bright & airy? Why not choose a beach & light colours to wear.

Matching the atmosphere? Sometimes, going for an overall true to life style of editing is the clear choice. Sunset & cloudy blue toned shoots are ideal for this style of photography.

Moody? Let's go for a dark forest or neutral location- but wear darker colours or match light clothes with dark accessories.

MID MORNING

Each time of day will deliver a unique setting for your photos. Think back to what style you want to achieve- which suits you best?

F A Q S

RAW PHOTOS

What you pay for with your package, no matter what the package, includes editing- so no, sorry but you will not receive the RAW photo files.

PHOTOSHOP?

As part of our moral philosophy, I do not photoshop everything. Small blemishes such as pimples or scars or cosmetic errors like lipstick on teeth I will fix accordingly, however I am capturing you as you are. And you are beautiful!

NEWBORN POSES

Posing newborns requires health & safety training, something which I do not have- therefore focus my newborn shoots as lifestyle & will only gentle manoeuvre your precious little one gently with your permission.

WEATHER

Always take the weather with you... unless it's raining! While I am happy to shoot in drizzle or light rain, I ask you to work with me towards adapting our shoot or a new date if we get rained off! I promise, I'm just as bummed as you are. Engagement shoots & weddings are the exception.

RE-EDITS

Any re-edits will require an additional fee due to time involved to re-work. For every half hour of photoshoot, there's at minimum 1 hour of editing happening!

KIA KAHUA

I'm human too, even though I hide behind my camera sometimes! If there's any issues at all, I ask that you come & talk to me. I love building new friendships with clients who book me, and seeing people trust me to return fills my heart with joy!

THANK YOU

By booking with E Creative, you are helping me achieve my dream. My passion is what drives me to succeed in my photography, and I can't wait to see you in front of my camera!

LOVE,

Ella x
